

## Europe's Place in a Changing International Order

### EVENT IN MEMORY OF ACHILLE BOROLI

**4 MARCH 2025**  
**10:15 – 11:45 AM**  
Bocconi University  
Aula Magna  
Via Röntgen 1

At a time of fast changing international power dynamics, when alliances are giving way to transactional relations and the return of spheres of influence, where the economy is heavily weaponized and liberal democracies are under pressure from outside and from within, Europe faces a stark choice: take its future in its hands or have its future designed by the USA, China or Russia. Be a shaper or become a follower. Europe has what it takes: capital, talent, industry, deep markets and hard and soft power. Will Europe have the political courage?
