G - Other reasons:

- change learning style (Bocconi's is too book based and unnecessarily heavy in my opinion)

Desidero frequentare un'universita' altrettanto prestigiosa ma che offra un'esperienza diversa e meno mortificante

I decided to continue my academic journey abroad because want to live in a new country which better fits me and my future prospects. I feel the need to be part of something great, of a community that shares my values and respects my priorities.

I no longer wish to be at Bocconi. Although I appreciated the rigour and quality of what I learned in my Bachelor years, I have two main issues with doing a Master's at Bocconi: 1. Way too theoretical. Masters are about gaining practical knowledge, and, I am sorry to say this, but Bocconi is not good at that. You are too focused on theory. 2. The professors do not know how to speak English. This is a major issue that has occurred in all three years at Bocconi, and one I know continues for Master's students. You guys need to more thoroughly evaluate the English levels of your professor because I can assure you, many of them speak very bad English, making it very hard to students to learn when a professor cannot communicate and misspells everything. If you cannot get professors that speak English, don't have programs in English.

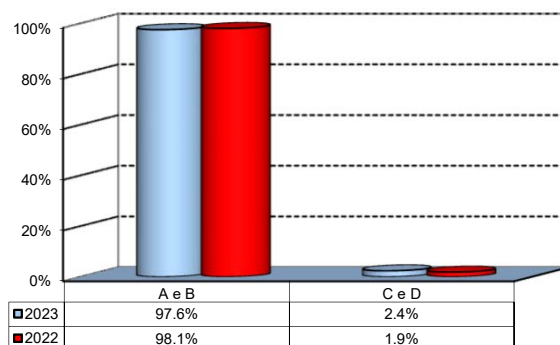

I wanted to study in a different environment and to go back to France (where I am from)

| interesse per un corso di laurea non offerto in Bocconi |
| It is not acceptable that the University service closes for two weeks for Christmas. I was not able to convert my exchange grade in time |
| L'ambiente sociale in Bocconi e' tossico |
| Lo studio fatto in Bocconi non ha come obiettivo l'apprendimento o il lavoro ma semplicemente fare bene l'esame quindi molte volte si tende a perdere quello che per me e' il focus principale. Il programma della magistrale prevede parziali a Ottobre rendendo letteralmente impossibile fare application. Poi non mi sono trovato bene con alcuni professori che pensano di poter trattare i ragazzi con sufficienza alti del loro grado di esperienza |
| Master di un anno |
| non ero stata ammessa |
| Opportunities of working abroad |
| The career service of MSc in Finance is not sufficient and the course is not aligned with my objectives |
| The systems at Bocconi are antiquated, study abroad is a perfect example, when I got to my exchange university it turned out that some courses which I expected to be offered weren't and so I had to take three exams in the last and only session available to me which left me uncertain about graduation. Bocconi needs to deal with issues like this, study abroad should not put my chances of graduation at risk and in terms of exchanging courses, if Bocconi does not trust that the economics track of a partner university will live up to the quality that it expects then why offer it as an option? Support in Bocconi was in my experience extremely poor, as was communication and flexibility in helping students. I taught myself most of the content for courses without attending classes because the teaching method at Bocconi does not engage students in the classroom. I of course loved my experience and feel well prepared but feel that these areas cemented my decision not to continue with ESS. |
| too much academic and theory based. Need a more pragmatic approach with more focus on career service |
| Troppo quantitativo. Molto poco affaccio a piattaforme pratiche e networking lavorativi all'interno dei singoli corsi. |
