INTRODUCTION

These ISU Bocconi Scholarship Application Requirements and Regulations are final and incorporate the provisions of the Resolution of the Regional Council of the Lombardy Region (D.G.R. 2022) which, following the recent Ministry of University and Research Decree no. 1320/2021, **has determined the increase of the amounts of the scholarships and the upper limits of the ISEE/ISEEU parificato value (Equivalent Economic Situation Indicator) and the ISPE/ISPEU parificato value (Indicator of the Economic and Financial Situation) for the access to the benefits for the Right to University Education Assistance for academic year 2022-2023**, as compared to what was defined for academic year 2021-2022.

The increases in the scholarship amounts have been defined based on the additional resources provided under the PNRR (National Recovery and Resilience Plan) funded by the European Union - NextGenerationEU initiative, investment 1.7 "Scholarships for access to university" of Mission 4 Component 1.

In light of the aforementioned increases in the upper limits of the ISEE/ISEEU parificato and ISPE/ISPEU parificato values, these ISU Bocconi Scholarship Application Requirements and Regulations provide for a specific time window to submit the ISU Bocconi Scholarship application for academic year 2022-2023 (11th July – 2nd September 2022) **ONLY for students who, following the increase, may meet the economic requirements for the access to the benefits for the Right to University Education Assistance.** The criteria for access to the application are specified in Chapter II of art. 9.

It is specified that the ISU Bocconi Scholarship application a.y. 2022-2023 submitted during the first time window (3rd June – 4th July 2022) and during the second time window (11th July – 2nd September 2022) will in any case remain unique, resulting in the rankings (First years and PhD and Years following the first) as detailed in these ISU Bocconi Scholarship Application Requirements and Regulations.

ART. 4 - GROUNDS FOR EXCLUSION FROM ASSISTANCE

The following students may not participate in the a.y. 2022-2023 application:

- students who have already completed a degree of the same level or higher than the program for which the scholarship is requested for the 2022-2023 academic year, completed in Italy or abroad (including degrees issued before the implementation of Italian D.M. 509/1999);

¹ The absolute first year of enrollment shall be understood as any academic year of first enrollment in any kind of degree program (even if different from the one attended in AY 2022-2023) which required the same education qualification as the one needed to access the attended program in AY 2022-2023, in any University in Italy or abroad, even if the program has not been completed.

- students who were already enrolled in other degree programs of the same level or higher than the program for which benefits or services are requested, even in faculties other than those offered by Bocconi University and in years previous to 2022-2023;
- students enrolling in Master of Science programs who have already completed a 4-year degree higher than the Bachelor of Science level;
- students enrolled in the second year “fuori corso” or subsequent years after the absolute first year of enrollment², after completing the regular study program years (with the exception of students with disability pursuant to Italian Law n.104/1992 or with civil disability equal or greater than 66%);

- enroll in Double Degree/Joint Degree programs and benefit from scholarships or similar forms of financial aid provided by Bocconi’s University partner University for the same year.

ART. 5 - NUMBER OF SCHOLARSHIPS

The total number of scholarships made available through application to students regularly enrolled in a Bocconi University Bachelor of Science, Integrated Master of Arts in Law (five years), Master of Science or PhD program is determined based on the funds allocated by the Region of Lombardy.

Please remember that the number of scholarships made available for the a.y. 2022-2023 is as follows:

Recipients	Number of ISU Bocconi Scholarships available
Students in their 1st year of a Bachelor of Science, Integrated Master of Arts in Law or Master of Science program a.y. 2022-2023	124 Scholarships
Students in a year subsequent to their first year of a Bachelor of Science, Integrated Master of Arts in Law or Master of Science program a.y. 2022-2023 (through the 1st year “fuori corso”).	195 Scholarships
PhD programs a.y. 2022-2023	4 Scholarships

The number of scholarships made available through application may be increased based on additional funds and allocations which may be added afterwards by the Lombardy Region, the Ministry of Universities and Research, and any residual funds from the previous year. If additional funds are made available for the current year, further assignments of ISU Bocconi Scholarships will be made, and allocated on the basis of two rankings as set out in Article 10 of these Requirements and Regulations. If funds are available, ISU Bocconi will provide information to applicants via email and/or online and approximately by November 2023.

² The absolute first year of enrollment shall be understood as any academic year of first enrollment in any kind of degree program (even if different from the one attended in AY 2022-23) which required the same education qualification as the one needed to access the attended program in AY 2022-23, in any University in Italy or abroad, even if the program has not been completed.

ART. 6 – MERIT REQUIREMENTS

Art. 6.1 Bachelor of Science, Master of Science and Integrated Master of Arts students

In order to evaluate merit for the ranking, exams taken by 10 August 2022 and registered at the Punto Blu will be taken into consideration.

Students should therefore:

- personally verify that all exams taken have been recorded in Punto Blu;
- inform the Academic Services using the **B in Touch** tool available on the yoU@B Student Diary, if there are anomalies in the recording of exams completed, starting from 12 September 2022.

Please c note!

For program changes, please remember that, in order to calculate merit, only credits valid for the study program for which assistance is requested will be taken into consideration, i.e. for the Bachelor of Science, Integrated Master of Arts in Law or Master of Science program that the student is enrolled in for the a.y. 2022-2023.

In order to reach the minimum merit requirements needed to enter the ranking for the a.y. 2022-2023, in addition to the credits already earned, **all students, except first-year students**, may use a “**bonus**”, according to the table below.

If students have never used a bonus previously, they can request bonus credits as indicated in the table below. Once students use bonus credits they no longer have the right to accrue other bonus credits, but they still have the possibility to use any residual credits in future years.

Students enrolled in Master of Science programs can use any residual bonus credits not used during their Bachelor of Science program. If they never used bonus credits during their Bachelor of Science program, they have the right to 15 credits.

Please note that the number of credits needed to access the ranking will be calculated based on the credits required for each past academic year, starting with the absolute first-year of enrollment³. This rule is also applied to anyone who has interrupted the normal progression of the attended years of the program (e.g. students who repeat or have repeated a year of the program, also after a withdrawal from studies or transferring from another university or changing type of degree program or faculty and other interruptions), except for cases of “temporary interruption” pursuant to article 8 clause 5 of the Decree of the President of the Council of Ministers 9 April 2001.

For students enrolled in the 1st year of a Bachelor of Science, Master of Science or Integrated Master of Arts in Law program, any assistance will be **provisionally** granted based on the economic requirements set out in these Application Requirements and Regulations, and will be fully or partially confirmed only if academic merit is achieved. Academic merit is evaluated ex post at 10/08/2023.

Year of program	Credits required at 10 August 2022	Maximum usable bonus (if not used in previous years)
Bachelor of Science program (BSc) Integrated Master of Arts in Law program (IMAL)		
1st year (BSc/IMAL) for ex post confirmation	44 (at 10/08/2023)	No bonus
2nd year (BSc/IMAL)	49	5 credits
3rd year (BSc/IMAL)	95	12 credits if not already used

³ The absolute first year of enrollment shall be understood as any academic year of first enrollment in any kind of degree program (even if different from the one attended in AY 2022-23) which required the same education qualification as the one needed to access the attended program in AY 2022-23, in any University in Italy or abroad, even if the program has not been completed.

4th year (IMAL)	150	15 credits if not already used
5th year (IMAL)	220	15 credits if not already used
1st year “fuori corso” (BSc)	150	15 credits if not already used
1st year “fuori corso” (IMAL)	274	15 credits if not already used
Master of Science programs		
1st year for ex post confirmation	39 (at 10/08/2023)	No bonus
2nd year	50	15 credits if not already used
1st year “fuori corso”	94	15 credits if not already used

Art. 6.2 – Revocation of 1st Year Students in the a.y. 2022-2023 due to Insufficient Academic Merit (evaluated ex post)

For students who are eligible recipients and non-recipients, enrolled in the first year of the a.y. 2022-2023 who did not complete credits by 10/08/2023, the assistance will be revoked. The revoked eligible student, whether recipient or not, must:

- return the first installment of the cash scholarship received and will not receive the refund of the second installment, if eligible recipients;
- return the amount received for free meals;
- return any supplements for international mobility and/or internships received.

An exception is made for a revoked student who will be able to achieve the number of credits defined in the table above by 30/11/2023. In this case the student will not receive the amount of the 2nd installment of the cash scholarship and will not be required to return the amounts received, if eligible recipients.

Return of the amounts listed above cannot in any way be questioned or postponed, as the revocations are in fact verified by the Lombardy Region, the institution providing the ISU Scholarship for the Right to University Education.

The revocation also entails the loss of the total exemption from the payment of academic tuition fees for the academic year 2022-2023 that Bocconi University had awarded on the basis of the eligibility for the ISU Bocconi Scholarship for the Right to University Education. In this case, the revoked student will have to pay the entire amount of the academic tuition fees of the academic year 2022-2023, based on the university fees target (ordinary or subsidized) applicable to the student for the academic year 2022-2023.

In this regard it is specified that following revocation, upon request of the revoked student and based on the evaluation by Bocconi University of a real situation of economic need, the amount of the academic tuition fees due for the academic year 2022-2023 may be reduced with the allocation of:

- the first bracket (for students of Bachelor of Science or Integrated Master of Arts in Law);
- an exemption equal to 60% of the contributions due (for students of Master of Science programs).

The funding opportunity you have been assigned in the a.y. 2022-2023, after revocation, will also be applied for academic years of the degree program following the year of revocation.

An exception is for revoked student who will be able to achieve the number of credits defined in the table above by 30/11/2023 who will retain the total exemption from payment of academic tuition fees for the academic year 2022-2023 and will not have to pay.

For other grounds for revocation for all students regardless of their program year, see Article 15.

Art. 6.3 - PhD programs

Students in PhD programs may request the ISU Bocconi scholarship assistance on the condition that they are not recipients of scholarships pursuant to Italian DM 224/1999 or Post Docs pursuant to Italian Law 27.12.1997, n. 449. Students must also meet the merit requirements listed below:

Program year in the a.y. 2022-2023	Merit requirement
1st year	Must be declared winners for the a.y. 2022-2023 of the admissions competition for one of the PhD programs offered by Bocconi University
2nd year	Must be regularly admitted for the a.y. 2022-2023 in the second year of the program
3rd year	Must be regularly admitted for the a.y. 2022-2023 in the third year of the program
4th year	Must be regularly admitted for the a.y. 2022-2023 in the fourth year of the program

ART. 7 - ECONOMIC REQUIREMENTS

The economic status of students will be identified based on the **ISEE issued in 2022 for benefits for the right to university study** and the **ISPE**.

The ISEE must be issued in reference to the student's fiscal code and may not contain "omissions/discrepancies/inconsistencies".

The ISPE must be calculated by the University based on data provided by INPS, dividing the ISP value by the scale of equivalency.

Italian or non-Italian students who are not residents in Italy and non-autonomous non-Italian students residing in Italy with a family unit residing abroad must request a replacement indicator of the ISEE and ISPE value for the purpose of "subsidized benefits for the right to university study", known as ISEEU/ISPEU parificato. The ISEEU/ISPEU parificato may only be issued by the CSF (Tax Assistance Center) partnered with Bocconi University (see the related webpage www.unibocconi.eu/isu).

The ISEE/ISEEU parificato and ISPE/ISPEU parificato values are defined annually by the Lombardy Region with its own resolution.

For a.y. 2022-23, the approved values are the following:

- **ISEE/ISEEU parificato no higher than € 24.335,11**
- **ISPE/ISPEU parificato no higher than € 52.902,43**

For all applicants, **citizens of non-EU Countries**, not resident in Italy or non-autonomous residing in Italy and whose family unit is resident abroad, please note that, pursuant to Italian D.G.R.2021, of Italian D.lgs 286/98, of Italian D.P.R. n. 394 of 31 August 1999, declarations that attest an annual **income less than € 5,983,64 will not be considered valid** for the purposes of ISU Bocconi eligibility, as it is incompatible with immigration regulations.

The evaluation of the student's economic conditions is based on parameters from the University ISEE Certificate applicable to assisted services for the Right to University Study and other elements derived from the documentation submitted to ISU Bocconi for the a.y. 2022-2023 or gathered during other checks completed by the Office, both during the period following publication of the provisional ranking during the year, and after publication of the final ranking. Further documentation that better certifies the actual economic conditions of the applicant may be requested.

The family household is defined pursuant to Italian Decree by the President of the Council of Ministers n. 159 on 5 December 2013.

After ISU Bocconi eligibility has been verified according to these criteria, an ISU Bocconi bracket will be assigned based exclusively on the ISEE/ISEEU parameters applicable to assisted services for the Right to University Study, if correct.

ART. 8 - INDEPENDENT STUDENTS

In order to adequately consider the subjects who bear the burden of maintaining the student, students shall be considered independent only if both of the following requirements are met:

- Residence, as proven by registry data, outside the housing unit of the family of origin for at least two years before the date of the ISEEU parificato certificate, in accommodation that is not owned or in usufruct by one of its members and therefore he/she uses an accommodation upon payment that must be documented (students are also not independent if they are co-owners of the accommodation with at least one member of the family of origin or if at least one member holds the real right or personal right to use the accommodation);
- Income from employment or similar work, declared for tax purposes for the at least the past two years, not less than € 9,000 annually. The work may not be performed under the employment of a family member.

If **both** the above conditions are not met – and duly documented as subsequently indicated in Attachment B paragraphs B.1 and B.2 – the student is part of the parents' family unit, and therefore the economic and asset condition of the family of origin will be considered when determining ISU Bocconi eligibility and the ISU Bocconi bracket.

It is specified that the independent student is considered “non resident” only if he/she uses an accommodation upon payment that must be documented (as defined in Attachment B paragraph B.3) in the Municipality where the attended course of study takes place.

ART. 9 - DEADLINES, METHODS AND DOCUMENTATION NEEDED FOR SUBMITTING APPLICATIONS

The process for requesting participation in the application is made up of:

A. Online data entry;

B. Submission of the printed and signed application form together with required documentation.

Failure to enter online data as stated in these Regulations and published on the dedicated pages of the website and/or failure to submit the signed application and/or failure to submit one or more documents will result in the disqualification of the interested party from application.

Online data entry needed to submit the application must be completed through the online form available on the Fees, Funding and Housing pages of the website during the period:

3 June 2022 – 4 July 2022, final deadline

Second Time Window

Only for students who are in possession of an ISEE/ISEEU parificato certificate for the access to the benefits for the Right to University Education Assistance **with both indicators:**

- ISEE/ISEEU parificato between € 23.000,01 and € 24.335,11
- ISPE/ISPEU parificato between 50.000,01 and € 52.902,43

a second time window to submit the application is foreseen in the period:

11 July 2022 - 2 September 2022, final deadline

For the submission of the application in the second time window, interested students must first send an email to the address: funding@unibocconi.it indicating "Increase in the economic requirements – ISU Benefits 22/23" as the email subject. **The ISEE/ISEEU Parificato 2022 must be attached to the email.**

The Fees, Funding and Housing Office will only admit students with ISEE/ISEEU parificato and ISPE/ ISPEU parificato values compliant with the ones defined above.

Students with an ISEE/ISEEU parificato value not exceeding € 23.000,00 and ISPE/ISPEU parificato not exceeding € 50.000,00 will be considered late submitters as they had the opportunity to submit the application in the first time window.

It is specified that the assessment of the student's overall economic condition will be carried out after submitting the online application exclusively on the basis of the documents and declarations submitted.

ART. 10 - PROCEDURES FOR ESTABLISHING RANKINGS

The rankings will be determined as follows, for each year of each level of studies:

A. Students enrolled in the first year of all degree programs (Bachelor of Science, Integrated Master of Arts in Law, Master of Science) **and students enrolled in a PhD program:**

The ranking is determined in increasing order by the ISEE/ISEEU indicator applicable to assisted services for the Right to University Study of the family household up to the limit of € 24.335,11 for a maximum of 1,000 points given following this formula:

$$[1-(\text{Student ISEE} / \text{ISEE LIMIT})] \times 1,000$$

The ranking is determined by the score awarded in decreasing order. Where parity occurs, the student who is enrolled in a higher degree program takes priority, where further parity occurs the younger age takes priority.

B. Students enrolled in years after the first, in all degree programs (Bachelor of Science, Integrated Master of Arts in Law, Master of Science):

The order of the ranking is determined in decreasing order from the overall score achieved, adding the score relating to the number of educational credits acquired by 10 August 2022, and the score determined by the weighted grade point average. The highest possible number of points is 1,000 distributed as follows:

- 600 based on the number of educational credits achieved by 10 August 2022 and calculated using the following formula:

$$[(\text{student credits} - \text{minimum credits}^*) / (\text{maximum credits}^{**} - \text{minimum credits}^*)] \times 600$$

* amount of credits established by this Application Requirements and Regulations as a minimum merit requirement

** maximum number of credits foreseen for the relevant course year

- and 400 based on the weighted grade point average of exams passed by 10 August 2022 and calculated using the following formula:

$$[(\text{Student's GPA} - 18) / (\text{maximum grade} - 18)] \times 400$$

Where merit is equal, the student who has not used bonus credits has the priority in the ranking and then the student with the highest income score. Where parity still exists, the youngest student prevails.

Students using their bonus credits will be placed at the end of the ranking.

Students with disability pursuant to Italian Law n.104/1992 or with civil disability equal or greater than 66% who are in the eligibility ranking, have the right to be awarded a scholarship even if that means that the number of scholarships available will be exceeded.

ART. 11 - PUBLICATION OF PROVISIONAL RANKINGS AND APPLYING FOR APPEALS FOR REVISION

Provisional rankings results can be consulted online by **mid-October 2022** for a period of at least 15 days.

Applications submitted within the deadlines set out in these Application Requirements and Regulations will be verified by ISU Bocconi, who will insert into the ranking students meeting the requirements.

In the PROVISIONAL RANKINGS students may therefore be either:

- **ELIGIBLE:** if meeting all requirements, or
- **NON-ELIGIBLE:** if one or more requirements set out in these Regulations are missing.

Any appeals for revision due to mistakes of the applicant must be submitted to ISU Bocconi by and no later than 23.59 of the 15th day after the publication of the same ranking.

Those wishing to submit an appeal for revision may **only** submit it online and provide ISU Bocconi with the documentation needed to justify the reasons for an appeal.

The results of appeals for revision will be published online at the same time the final rankings are published, approximately within the end of October 2022.

ART. 12 - FINAL RESULTS AND PLACEMENT OF STUDENTS IN RANKINGS

Assistance will be assigned to eligible students based on their placement in the ranking, starting from the highest positions until all available resources have been used.

Scholarships will be awarded in accordance with the number set by these Regulations. Should there be a lack of recipients in some rankings, remaining scholarships will be awarded to students in other rankings until the number of scholarships established by the Regulations are all awarded.

In the FINAL RANKING, students may therefore be:

- **ELIGIBLE RECIPIENTS:** meeting all requirements and recipients of an amount of money corresponding to the cash scholarship, of the amount defined by the Lombardy Region for the free daily meal for the a.y. 2022-2023 and of a full exemption from the payment of tuition and fees for the a.y. 2022-2023;
- **ELIGIBLE NON-RECIPIENTS:** meeting all requirements and assigned abovementioned assistance but not the amount of money of the cash scholarship due to a lack of funds. In this case, eligible non-recipient students in the rankings may receive the scholarship later, if further financial resources are made available.
- **NON-ELIGIBLE:** if one or more requirements set out in the Application Requirements and Regulations is missing.

In addition, the final ranking will communicate the ISU Bocconi bracket assigned to the student.

The ISU Bocconi bracket will define:

- the amount of the scholarship for eligible recipient students;
- the cost of meals at a preferential rate;
- the final amount of housing fees for guests staying at Bocconi Residence Halls at a preferential rate.

Any appeals against the final decision must be submitted to the relevant bodies within the deadlines laid down by regulations in force.

ART. 13 - AMOUNT OF SCHOLARSHIPS

The amounts of the scholarships are based on both the ISU Bocconi brackets, corresponding to the family household's ISEE applicable to assisted services for the Right to University Study, and the place of origin of the student, which will determine if the student is a resident student, a commuting student or a non-resident student.

The amounts of scholarships available are defined annually by the Lombardy Region with its own resolution.

The scholarship amounts, which **include** the free meal amount for € 712,00 defined for the a.y. 2022-23 from the Lombardy Region and the reimbursement regional tax for the Right to University Study, are as follows:

ISU BRACKET STATUS	1ST ISU BRACKET	2ND ISU BRACKET	3RD ISU BRACKET
RESIDENT	€ 3.127,00	€ 2.719,00	€ 1.932,00
COMMUTING	€ 4.139,00	€ 3.599,00	€ 2.833,00
NON-RESIDENT	€ 7.082,00	€ 6.158,00	€ 5.029,00

For female students enrolled in study programs in STEM fields (Science, Technology, Engineering and Mathematics), an increase in the amount of the scholarship is foreseen. For details on the increase, it is necessary to refer to the provisions that will be published on the dedicated pages of the Bocconi website (www.unibocconi.it/isu) and which form an integral part of these Application Requirements and Regulations.

Students enrolled in more than one course of study at the same time are allowed to obtain and maintain the scholarship, increased by 20%, if they meet and maintain the merit requirements for the scholarship for the entire duration of the courses.

The aforementioned increase is not due in the event that the student fails to meet the requirements for the scholarship with reference to the course of study to which the student himself has related the aforementioned increase.

All of the above amounts are halved for *fuori corso* students receiving ISU Bocconi Scholarship.

The meal can be used at the Bocconi University canteen services, during the entire period the service is open, between 2 December 2022 to 30 November 2023.

Student recipients and non-recipients of scholarships who do not use or use only partially the canteen service are **not** entitled to any reimbursement for unused meals.

Art. 13.1 ISU Bocconi Brackets Related to ISEE/ISEEU Parificato Values Applicable to the Benefits for the Right to University Education Assistance

The ISU Bocconi brackets corresponding to the ISEE/ISEEU parificato are defined annually by the Lombardy Region with its own resolution.

The ISU Bocconi brackets for the a.y. 2022-23 are as follows:

ISU Bocconi bracket	ISEE/ISEEU parificato values	
1st ISU Bocconi Bracket	from € 0.00	to € 12.167,56
2nd ISU Bocconi Bracket	from € 12.167,57	to € 16.223,41
3rd ISU Bocconi Bracket	from € 16.223,42	to € 24.335,11

ISU Bocconi brackets and related methods and timelines for determining them are in no way related to those set out by the University for the purposes of defining the fees relief target for determining academic tuition and fees.

Art. 13.2 Place of Origin and Scholarship Amount

Geographical origin does not affect the possibility of accessing the scholarship but only the amount of the cash stipend of the scholarship, if awarded.

For the purpose of calculating scholarship amounts only, students are classified as follows:

Resident student “in sede”: residents (permanent address) in the municipalities indicated on the Bocconi dedicated pages of the website (www.unibocconi.eu/isu).

Commuting student “pendolare”: residents (permanent address) in a municipality that allows the student to reach the campus where studies are undertaken every day or students who do not submit documentation attesting the non-resident status;

Non-resident student “fuori sede”: students not automatically considered “resident” or “commuting” based on their permanent address and who are residents (permanent address) in a municipality far from the campus where program courses are attended and for this reason they rent taxed accommodation in a municipality considered “in sede”, using public residential premises or other private or public accommodation for a period of at least 10 months during the period 1 September 2022 - 31 August 2023. In absence of this condition, potentially “non-resident” students will be considered “commuting”. Students may request to be considered “non-resident” through the online procedure, though this status will only be applied after submission of eligible documentation by the deadlines indicated in these regulations. **For information on how to certify the status of “non-resident”, please see the information published on the dedicated pages of the website (www.unibocconi.eu/isu) and which make up an integral part of these application requirements and regulations.**

ART. 14 - METHOD OF PAYMENT OF SCHOLARSHIPS

Scholarship payment will be made to students who are eligible recipients in two installments each amounting to half the total scholarship, and only via **wire transfer** to an **Italian current account in the name of or jointly in the name of the student recipient.**

Important!

The IBAN must be indicated in a timely manner in the Punto Blu (and it will be used also for any reimbursements from the Fees, Funding and Housing Office), in the personal details section.

The two installments will be paid within the following deadlines, once funds are transferred from the Lombardy Region, as follows:

- **Payment to students in years subsequent to their first year of a program and to PhD students** whose payment has not been suspended for administrative reasons
 - First installment: by 31 December 2022;
 - Second installment: by 30 June 2023.
- **Payment to students in first year of a program** whose payment has not been suspended for administrative reasons

- First installment: by 31 December 2022;
- Second installment: will be paid not before the month of October 2023 only to eligible recipients (see Article 6.2) that have earned the required number of credits stated in these Regulations on the date of 10 August 2023.

The reimbursement of the regional which will be done for all the eligible students recipients and non-recipients will be processed and included in the reimbursement of the first installment-advance a.y. 2022-2023.

ART. 15 - INCOMPATIBILITY – FORFEITURE – REVOCATION

Scholarships may not be combined with similar forms of economic aid provided by Bocconi University or other private or public bodies. In these cases, students have the option of choosing one assistance or the other.

Exceptions will be made for:

- Scholarships granted by Italian or international institutions aimed at integrating with experiences abroad the study/research activity of candidates;
- Awards given by Universities to outstanding students enrolled in specific excellence programs.

The right to eligibility for ISU Bocconi and, if relevant, for scholarships and integrations will automatically be forfeited if:

- the student does not submit to ISU Bocconi, via registered mail and within the deadlines and using the methods requested by the Office, any original documentation required to check the accuracy of their self-certification; in such cases the application is treated as an untruthful declaration;
- the student withdraws from studies during the course of the year;
- the student is not regularly enrolled in the a.y. 2022-2023 following the results of the final ranking.

Eligibility for ISU Bocconi Scholarship and, if assigned, for the related cash scholarship and integrations will also be revoked if:

- the student incurs disciplinary sanctions greater than a warning imposed by Bocconi University;
- the student submits/have submitted false declarations (please see Attachment D regarding the verification of the economic conditions, the truthfulness of the information provided and the related administrative consequences).

The rule provided for in Article 6.2 is extended to all revoked eligible students, both recipients and non-recipients, who must therefore:

- Return the amount of the scholarship in cash received, if they are eligible recipient;
- Return the amount received for free meals;
- Return any supplements for international mobility and/or internship received

Return of the amounts listed above cannot in any way be questioned or postponed, as the revocations are in fact verified by the Lombardy Region, the institution providing the ISU Scholarship for the Right to University Education.

The revocation also entails the loss of the total exemption from the payment of academic tuition fees for the academic year 2022-2023 that Bocconi University had awarded on the basis of the eligibility for the ISU Bocconi Scholarship for the Right to University Education. In this case, the revoked student will have to pay the entire amount of the academic tuition fees of the academic year 2022-2023.

With reference to the amount due for tuition and fees for academic year 2022-2023, it must be specified that the rules defined in Article 6.2 apply only to students revoked for disciplinary sanctions imposed by Bocconi University.

Students revoked for false declarations will, instead, be required to pay the total amount of tuition and fees based on the university fees target (ordinary or subsidized) applicable to them and starting from the year in which they first benefited from the waiver as a result of such false declarations. The additional penalties detailed in Annex D of this Application Requirements and Regulations also apply to these students.

As a consequence of the revocation of eligibility for the ISU Bocconi Scholarship and for what concerns forfeiture and

suspension of services, please note that students in debt to Bocconi University for any reason will be blocked from academic and administrative proceedings and the payment of the scholarship will be suspended until their administrative position is regularized.

ART. 16 - UNIVERSITY TRANSFERS AND CHANGING DEPARTMENTS

For students transferring to another university after 30 September 2022, the application submitted to ISU Bocconi will be sent to the organization for the right to study at the University where the student has requested transfer, only if requested by the interested party. The student will therefore lose the assistance conferred by Bocconi University and will have to return any money collected.

Students transferring from another university to Bocconi University after 30 September 2022 must request the right to study office at the original university to officially transfer the application, provided it has been submitted within the timeframe set out in the Regulations. Acceptance and evaluation of the application according to the established regulations is subject to receiving the transferred application and completing enrollment at Bocconi University by and no later than the foreseen deadlines.

CHAPTER III - INTEGRATION FOR FOREIGN INTERNSHIPS, INTERNATIONAL MOBILITY PROGRAMS AND GRADUATION

ART. 1 - SERVICES OFFERED

To encourage student participation in international mobility programs (International Exchanges, Double/Joint Degrees, CEMS-MIM Master, Themis) and internships abroad organized or recognized by Bocconi University, integrations for participation in international mobility and internship programs related to the period spent abroad may be made available to eligible students for the purposes of these regulations, if funds are available.

The actual participation in an international mobility program or internship abroad during the a.y. 2022-23 will be verified automatically in order to assign integrations to the ISU Scholarship to eligible students in the final ranking.
